Music Program

The hey dee ho Music Program is an educational music experience where children learn the concepts of beat, rhythm, tempo, pitch and dynamics in a play-based environment.

We keep things fresh and fun by exploring a new theme each week and using a wonderful array of props, puppets, costumes and percussion instruments to deliver a multi-sensory experience that sees your child engaged and entertained for the whole session.

Our four key focus areas presented throughout the year are; Auslan Key Sign Language, multicultural languages, Kodaly (Sol Fa) singing method and spatial awareness. Music improves fine and gross motor skills, visual and auditory processing, and cognitive learning. Through regular participation, children will also benefit in the following areas:

- Memory and language
- Imagination and role play experiences
- Improved social skills

Program delivered by:

**“Music gives a soul
to the universe,
wings to the
mind, flight to the
imagination and life
to everything.”**
